Profile Summary

Front-end Developer with 3+ years of experience building responsive, scalable, and visually appealing web applications. Passionate about writing clean code, improving UX, and staying current with modern JavaScript frameworks.

Skills

JavaScript (ES6+), TypeScript, React, Next.js, Tailwind CSS, REST APIs, Version Control (Git), Accessibility (a11y), Responsive Design, Vite, Framer Motion, React-Query, Redux-Toolkit, Zustand.

Experience

Front-End Developer - *PaySlice (Contract)*

Nov 2023 - Dec 2024

- Debugged a multi-step onboarding flow, improving user conversion by 25%.
- Collaborated with product designers to refine UI/UX for mobile-first design.
- Developed a captivating landing page for a new financial product.
- Optimized rendering performance by reducing unnecessary re-renders in React components.

Front-End Developer – *Greyhat CyberSolutions*

Jan 2022 – Sept 2023

- Built several web pages using React, Tailwind CSS, Zustand and consuming REST API endpoints.
- Consumed API endpoints to display websites vulnerabilities and security conditions.
- Created and animated the company's landing page using Next.js and Framer Motion.
- Implemented responsive designs that ensured consistent UX across devices.

Projects

- **BetterLyf**: A clinic booking app built with Next.js and Supabase where users can book an appointment with a medical practitioner.
- **BetterLyf Admin Panel**: A react-based dashboard where admins of the betterlyf website can create and onboard doctors, and also review medical appointments.

Education

Bachelor of Science – Lagos State University, Nigeria (LASU)
